

Second Grade Stars Newsletter for April 16-20

The Second graders are so excited about our Auction Project! They chose the saying on this beautiful sturdy bench and they decorated it with their amazing little fingerprints in red and yellow paint designing a heart and a cross. They also were very proud of their cursive handwriting that they did when they signed their name at the bottom. It was too cute to see each child excited to take turns sitting on the bench. The look on their faces with their big smiles as they were sitting on the bench was priceless. I hope to see everyone at the Auction on Saturday. It will be a wonderful evening! The kids can't wait to hear who gets to take the bench home.

The children have been very busy this week getting back in

the routine after a blessed spring break to rejuvenate us. We had a beautiful visit with Deacon Gary in which he read to the children and talked to them about their special preparation in making their First Holy Communion.

Field Trip: I had a wonderful amount of parent volunteers for our field trip to the Potter Park Zoo on April 27th we will depart

at 8:45 and return around 3:00 pm the same day. Sorry for the typo on the permission slip. There is limited parking since this is Arbor Day and a free event for us therefore we are asked to carpool. I would like to put 2 chaperoned adults in each vehicle. I have parking passes to hand out, a map, and a schedule of the day that we need to stick to. I am still missing a few forms. Please return these by next week so I can place children in groups and confirm and contact drivers/chaperones that are needed. Thank you for your help. You are awesome!

Banners: The banners your child made with you on Tuesday evening turned out absolutely beautiful! Thank you for your help as they prepare for this very special sacrament with Jesus.

Report cards: went out on Monday. I am very pleased with each child's strength and growth as well as perseverance to continue to work on the areas that they need improvement in. They are a blessing to teach! Thank you for sharing them with me!

NWEA: We will be testing the next two weeks for NWEA. Please help your child get plenty of rest, eat a healthy breakfast, and pack a healthy lunch as we will be testing for all 4 tests in the afternoon after lunch. We will test in Reading, Language Arts, Science and Math.

Important Upcoming Dates:
